111 George Street:

The Committee discussed the hearings held to inquire into the building planned for 111 George Street. In drafting a report concerning this inquiry, the Committee placed significant emphasis on development of policies to provide child care in future state government office accommodation.

The Committee congratulates the Department on meeting energy conservation and disability requirements, and seeks further information on the tendering and contract letting process.

More information is to be sought on industrial relations negotiated for the 111 George Street. The Research Director should reflect these findings in the draft report for this inquiry.

Government building contract tendering procedures:

The Research Director to seek information on these matters in preparation for discussion at the next meeting.

Value Management:

The applicability of value management system for appraisal of building projects is to be further investigated by the Committee in 1992.

The meeting closed at 1.30 pm.

Date of Next Meeting:

Wednesday 27 November 1991.

Dated this 27th day of

November

1991.
