

- MINUTES -

A meeting of the Travelsafe Committee was held in Room 5.04 of the Parliamentary Annexe on 12 November 1991 at 1.11 pm.

- Present:** Mr Ardill (Chairman), Ms Bird, Messrs Goss, Lester, Fenlon and Dollin.
- In attendance - Mr R Downey, Research Director.
- Apologies:** Mr Springborg.
- Minutes of meeting of 24 October 1991:** Confirmed, moved Mr Dollin, seconded Mr Goss.
- Business arising from the Minutes of 24 October 1991:** Mr Downey informed the Committee that he contacted Mr Geoff Middleton of the Department of Transport to arrange a demonstration of mobile brake testing equipment being purchased by the Department. Mr Middleton is keen to do this and will contact me to arrange a suitable date when the equipment arrives. Press coverage will be arranged.
- Elliott and Shanahan Consultancy:** Mr Downey provided details of how the workshop in Sydney on 29/30 October 1991 was conducted. Overall, the workshop was a success. Many of the attendees have since contacted Barry Elliott to discuss issues and ideas which were raised during discussions. Barry Elliott also received much positive feedback on the concept and content of the workshop.
- The Committee were informed that the final report from the consultancy will not be ready this year. This is due to the many ideas and issues raised at the workshop which need to be investigated by Barry Elliott. In addition, Barry will be distributing his draft report to several workshop attendees for comment before preparing a final report.
- Consequently, the earliest date for tabling the report will be in February/March 1992 when Parliament resumes from the summer recess.
- Bicycle Safety Report:** A preliminary draft of the committee's report on Bicycle Safety was considered in general discussion.
