<b>Mr Tak Adachi</b>	Queensland Trade and Investment Commissioner (Japan), Trade and Investment Queensland (TIQ)
<b>Mr Akiji Makino</b>	Chairman and CEO, Iwatani Corporation
<b>Mr Manabu Tsuyoshi</b>	Member of the Board, Managing Officer and General Manager of Hydrogen Division
<b>Mr Hiroshi Fukushima</b>	Senior Managing Officer

### Meeting Purpose:

The Premier attended an online meeting with Iwatani Corporation, Japan's leading hydrogen supplier, to reaffirm the Queensland Government's support for its involvement in the development of the State's green hydrogen sector through its partnership with Stanwell Corporation on the Central Queensland Hydrogen (CQ-H2) project.

As the leading the Japanese consortia for this project, Iwatani Corporation provided an update on the CQ-H2 project.

The Premier provided an update regarding Queensland's transformational work to establish green hydrogen and build a large-scale hydrogen supply chain in the State.

The Premier acknowledged Iwatani's commitment through the Iwatani-Stanwell consortium, which will play a significant role in helping Queensland achieve this. It will also provide considerable benefit to the development of Central Queensland.

<b>Mr Tomohide Miyata</b>	Senior Vice President, Managing Executive Officer

### Meeting Purpose:

The Premier attended an online meeting with ENEOS Corporation to receive a briefing regarding the development of their green hydrogen project in Queensland.

The Premier congratulated ENEOS Corporation on finalising their investment in Edenvale Solar Farm with Sojitz Corporation, and for commencing construction. The Queensland-based project is ENEOS Corporations first investment in Australia’s renewable energy sector and is one of the largest Japanese solar investments in Australia to date.

As the official energy supplier of the Tokyo 2020 Olympic and Paralympic Games, ENEOS discussed their work to have Queensland green hydrogen used in official Games vehicles. It was also acknowledged that further dialogue would be beneficial to capture their learnings from the Tokyo Games and discuss how these could be applied to a possible Brisbane 2032 Games.
