- (2) The new plan—
 - (a) may provide for any matter mentioned in section 57(2), (3) or (5); and
 - (b) must regulate development in—
 - (i) if the current plan regulates development in the entire priority development area—the entire priority development area; or
 - (ii) otherwise—the part of the priority development area in which development is regulated by the current plan.
- (3) If the new plan is to take effect before the current plan expires, MEDQ must—
 - (a) publish the new plan on the department's website; and
 - (b) publish a gazette notice stating that the new plan is published on the department's website.
- (4) The new plan mentioned in the gazette notice published under subsection (3)(b) takes effect at the beginning of the day the gazette notice is published.
- (5) If the new plan is to take effect on the expiry of the current plan, MEDQ must—
 - (a) before the current plan expires, publish a gazette notice stating that a new plan has been made and will take effect on the expiry of the current plan; and

- (b) as soon as practicable after the current plan expires, publish the new plan on the department's website.
- (6) The new plan mentioned in the gazette notice published under subsection (5)(a) takes effect on the day after the day the current plan expires.
- (7) As soon as practicable after a new plan takes effect under subsection (4) or (6), MEDQ must publish, at least once in a newspaper circulating in the area of the relevant local government, a notice stating that the new plan—

Chapter 3, part 2—

insert—

Division 2B Minor boundary changes of priority development areas

40F Regulation may make particular boundary changes

- (1) A regulation (a *boundary change regulation*) may amend a declaration regulation made under section 34 or 37 to make either of the following changes (each a *minor boundary change*) to the priority development area declared under the declaration regulation—
 - (a) to include additional land in the priority development area;
 - (b) to include additional land in the priority development area and exclude other land from the priority development area.

Note—

See chapter 3, part 2, division 3, subdivision 2 in relation to other changes to priority development areas.

- (2) A boundary change regulation may be made only if—
 - (a) the minor boundary change is to correct an error in the boundary of the priority development area; or

Example—

including land so the boundary of the priority development area aligns with the intended cadastral boundary of the area

- (b) MEDQ is satisfied the minor boundary change promotes the proper and orderly planning, development and management of the additional land to be included in, or the land to be excluded from, the priority development area.

Examples—

- including additional land in a priority development area so part of the boundary of the area aligns with a road constructed after the area was declared
- including additional land in a priority development area so part of the boundary of the area aligns with the boundary of land that was reclaimed after the area was declared

40G Recommendation for boundary change regulation

- (1) This section applies if the Minister proposes to recommend to the Governor in Council the making of a boundary change regulation in relation to a priority development area.
- (2) The recommendation for the making of the boundary change regulation may be made only if—
- (a) for the additional land proposed to be included in the priority development area (the *additional land*), MEDQ has—
- (i) proposed an instrument amending the relevant development instrument for the priority development area to apply the relevant development instrument to the additional land (the *PDA instrument change*); and
- (ii) consulted on the proposed instrument under section 40H(1); and

[s 28]

- (iii) made the instrument under section 40H(2); and
- (b) for any land proposed to be excluded from the priority development area (the *excluded land*), an instrument amending the relevant local government's planning instruments to provide for the excluded land (the *planning instrument change*) has been—
 - (i) prepared under section 40I; and
 - (ii) consulted on under section 40J; and
 - (iii) made or approved under section 40K.
- (3) However, subsection (2)(b) does not apply if MEDQ decides a planning instrument change is not required to provide for the excluded land.
- (4) MEDQ may make a decision under subsection (3) only if it is satisfied that, without amendment, the relevant local government's planning instruments adequately provide for the excluded land.

40H Consultation about proposed PDA instrument change and making of PDA instrument change

- (1) Before preparing the proposed instrument for the PDA instrument change, MEDQ must—
 - (a) consult, in the way it considers appropriate, with the relevant local government; and
 - (b) make reasonable endeavours to consult, in the way it considers appropriate, with any government entity, GOC or other entity MEDQ considers will be likely to be affected by the proposed PDA instrument change.
- (2) After complying with subsection (1), MEDQ must decide—

- (a) to make the instrument for the PDA instrument change; or
 - (b) not to make the instrument for the PDA instrument change.
- (3) In making the decision under subsection (2), MEDQ must consider the main purpose of this Act.

40I Preparation of proposed instrument for planning instrument change

- (1) If section 40G(2)(b) applies for any excluded land, MEDQ may—
- (a) prepare the proposed instrument for the planning instrument change; or
 - (b) ask the relevant local government to prepare the proposed instrument for the planning instrument change.
- (2) The entity that prepares the proposed instrument for the planning instrument change is the *proposer* of the planning instrument change.

40J Consultation about proposed instrument for planning instrument change

Before preparing the proposed instrument for the planning instrument change, the proposer must—

- (a) either—
 - (i) if MEDQ is the proposer—consult, in the way it considers appropriate, with the relevant local government; or
 - (ii) if the relevant local government is the proposer—consult with MEDQ; and
- (b) make reasonable endeavours to consult, in the way the proposer considers appropriate,

[s 28]

with any government entity, GOC or other entity the proposer considers will be likely to be affected by the proposed planning instrument change.

40K Making or approving planning instrument change

- (1) This section applies if—
 - (a) section 40G(2)(b) applies for any excluded land; and
 - (b) the proposed instrument for the planning instrument change has been prepared under section 40I and consulted on under section 40J.
- (2) If the relevant local government is the proposer of the planning instrument change, it must give MEDQ the proposed instrument for its approval.
- (3) MEDQ must decide to—
 - (a) approve the proposed instrument for the planning instrument change; or
 - (b) approve the proposed instrument subject to conditions decided by MEDQ; or
 - (c) refuse to approve the proposed instrument.
- (4) In making the decision under subsection (3), MEDQ must consider the main purpose of this Act.
- (5) If MEDQ decides to approve the proposed instrument for the planning instrument change, it must, by notice given to the relevant local government—
 - (a) for a proposed instrument prepared by MEDQ—make the instrument for the planning instrument change in compliance

with any conditions decided under subsection (3)(b); or

- (b) for a proposed instrument prepared by the relevant local government—approve the instrument for the planning instrument change subject to any conditions decided under subsection (3)(b).
- (6) If MEDQ, under subsection (3)(b), approves a proposed instrument for a planning instrument change prepared by the relevant local government, the local government must amend the instrument to comply with the conditions.

40L When instruments take effect

- (1) A PDA instrument change made under section 40H(2) and a planning instrument change made or approved under section 40K take effect on the commencement of the boundary change regulation making the minor boundary changes for which the instruments provide.
- (2) On giving a notice under section 40K(5), the planning instrument change is, for the Planning Act, taken to have been made by the relevant local government.
- (3) However—
 - (a) the planning instrument change—
 - (i) does not create a superseded planning scheme under the Planning Act; and
 - (ii) is not an adverse planning change under that Act; and
 - (b) the Planning Act, section 16(2) and (3) does not apply in relation to the planning instrument change.
- (4) The Planning Act, sections 18, 20, 22 and 23 do

[s 29]

not apply for making the planning instrument change.

40M Notice of instruments for minor boundary change

- (1) As soon as practicable after the boundary change regulation commences, MEDQ must—
 - (a) publish on the department’s website—
 - (i) the PDA instrument change made under section 40H(2); and
 - (ii) if section 40G(2)(b) applied for any excluded land—the planning instrument change made or approved under section 40K; and
 - (b) publish a gazette notice stating that the instruments mentioned in paragraph (a)(i) and (ii) have taken effect and are published on the department’s website; and
 - (c) publish, at least once in a newspaper circulating in the area of the relevant local government, a notice to the same effect as the gazette notice.
- (2) Also, if section 40G(2)(b) applied for any excluded land, the relevant local government must publish on its website the planning instrument change made or approved under section 40K.

 - (ii) any amendments required to be made to the relevant local government’s planning instruments to provide for the excluded land are minor, have been the subject of adequate consultation and have been made.
- (5) Also, subsections (2) and (3) do not apply only because the Minister proposes to make a boundary change regulation to make a minor boundary change mentioned in section 40F(1)(b).

Chapter 3, part 2, division 4, subdivision 2—

omit, insert—

Subdivision 2 Effect of cessation of priority development areas and PDA-associated development

48 Application of subdivision

This subdivision applies if—

- (a) land (the *former PDA land*) ceases to be in a priority development area; or
- (b) PDA-associated development (the *former PDA-associated development*) for a priority development area ceases to be PDA-associated development for the area.

49 References to cessation

In this subdivision—

- (a) a reference to cessation in relation to the former PDA land is, if the context permits, a reference to the time the land ceases to be in the priority development area; and
- (b) a reference to cessation in relation to the former PDA-associated development is, if the context permits, a reference to the time the development ceases to be PDA-associated development for the priority development area.

50 Existing PDA development approvals

- (1) This section applies if, immediately before the

cessation, a PDA development approval was in effect for the former PDA land or former PDA-associated development.

- (2) On the cessation, the PDA development approval is taken to be a development approval under the Planning Act that took effect at the same time as the PDA development approval.
- (3) However, subsection (2) does not apply to the extent the PDA development approval involves a water connection aspect.

Note—

For the effect of the cessation of a priority development area or PDA-associated development on the water connection aspect of a PDA development approval in effect immediately before the cessation, see division 4A.

51 Existing PDA development applications

- (1) This section applies to a PDA development application made, but not decided, before the cessation for the former PDA land or former PDA-associated development.
- (2) The PDA development application must continue to be decided under this Act as if—
 - (a) the cessation had not happened; and
 - (b) the PDA development application were being decided immediately before the cessation.
- (3) If a PDA development approval is given for the PDA development application, the approval is, immediately after it takes effect under this Act, taken to be a development approval under the Planning Act that took effect at the same time as the PDA development approval.
- (4) However, subsection (3) does not apply to the extent the PDA development approval involves a

[s 39]

water connection aspect.

Note—

For the effect of the cessation of a priority development area or PDA-associated development on the water connection aspect of a PDA development approval given under this section, see division 4A.

51AA Existing amendment applications

- (1) This section applies if—
 - (a) before the cessation, an amendment application has been made, but not decided, for a PDA development approval for the former PDA land or former PDA-associated development; and
 - (b) on the cessation, all or part of the PDA development approval is taken, under section 50(2), to be a development approval under the Planning Act.
- (2) The amendment application must continue to be decided under this Act as if—
 - (a) the cessation had not happened; and
 - (b) the PDA development approval were still a PDA development approval; and
 - (c) the amendment application were being decided immediately before the cessation.
- (3) If a changed PDA development approval is given for the amendment application, the changed PDA development approval is, immediately after it takes effect under this Act, taken to be a development approval under the Planning Act.
- (4) However, subsection (3) does not apply to the extent the changed PDA development approval involves a water connection aspect.

Note—

For the effect of the cessation of a priority development area or PDA-associated development on the water connection aspect of a changed PDA development approval given under this section, see division 4A.

51AB Existing applications to extend currency period

- (1) This section applies if—
 - (a) before the cessation, an application has been made under section 101, but not decided, to extend the currency period of a PDA development approval for—

 - (b) on the cessation, all or part of the PDA development approval is taken, under section 50(2), to be a development approval under the Planning Act.
- (2) The application must continue to be decided under this Act as if—
 - (a) the cessation had not happened; and
 - (b) the PDA development approval were still a PDA development approval; and
 - (c) the application were being decided immediately before the cessation.
- (3) If the decision is to grant the extension, the decision is taken to be a decision under the Planning Act, section 87 to extend the currency period of the development approval under that Act.
- (4) If the decision is to refuse the extension, the development approval under the Planning Act

[s 39]

lapses on the later of the following to happen—

- (a) the currency period of the PDA development approval under this Act, including any extension of that period under section 102, ends;
 - (b) the person who made the application is given notice of the decision under section 102(4).
- (5) Despite the Planning Act, section 229, a person may not appeal under that Act against the decision on the application.

51AC Existing appeals to Planning and Environment Court

- (1) This section applies if—
 - (a) before the cessation, a person has appealed under section 90 against MEDQ’s decision to impose a condition on a PDA development approval for—
 - (i) the former PDA land; or

Note—

For the effect of the cessation of a priority development area or PDA-associated development on the water connection aspect of a changed or replacement PDA development approval given under this section, see division 4A.

51AD Appeals to Planning and Environment Court after cessation

 - (a) immediately before the cessation, a person could have appealed under section 90 against MEDQ's decision to impose a condition on a PDA development approval for—

 - (c) immediately before the cessation, the person has not appealed.
- (2) This section also applies if a person could have appealed under section 90 against MEDQ's

[s 39]

decision to impose a condition on a PDA development approval given under section 51 or 51AA if the cessation had not happened.

- (3) The person may appeal, and the Planning and Environment Court must hear and decide the appeal, under section 90 as if—
 - (a) the cessation had not happened; and
 - (b) the PDA development approval were still a PDA development approval.

- (5) If the decision on the appeal is to give a changed or replacement PDA development approval, that approval is taken to be a development approval under the Planning Act.
- (6) However, subsection (5) does not apply to the extent the changed or replacement PDA development approval involves a water connection aspect.

Note—

For the effect of the cessation of a priority development area or PDA-associated development on the water connection aspect of a changed or replacement PDA development approval given under this section, see division 4A.

- (1) This section applies if the process under section 104(2) for approving a plan of subdivision for the former PDA land had started, but not ended, before the cessation.
- (2) Section 104 continues to apply in relation to the plan of subdivision as if—
 - (a) the cessation had not happened; and

 - (c) for a plan of subdivision for reconfiguring a lot that, before the cessation, was PDA accepted development—the reconfiguration were still PDA accepted development.
- (3) For registering the plan of subdivision under the *Land Title Act 1994*, anything done by MEDQ under section 104 in relation to the plan is taken to have been done by the local government for the local government area to which the plan relates.
- (4) In this section—
plan of subdivision see section 104(3).

51AF Registering particular plans of subdivision approved before cessation

- (1) This section applies if—

This subdivision applies if all or part of a PDA development approval becomes, under subdivision 2, a development approval under the Planning Act (a *Planning Act approval*).

51AI Conditions and enforcement authorities under Planning Act

- (1) A PDA development condition of the PDA development approval or part is taken to be a development condition of the Planning Act approval under the Planning Act, even if the condition could not be imposed under that Act.
- (2) The enforcement authority under the Planning

Act for the development the subject of the Planning Act approval is taken to be the entity that would have been the enforcement authority under that Act if—

- (a) for a Planning Act approval for former PDA land—the land had never been in a priority development area; and
- (b) for a Planning Act approval for former PDA-associated development—the development had never been PDA-associated development; and
- (c) a development application for the Planning Act approval had been made under that Act, the repealed *Sustainable Planning Act 2009* or the repealed *Integrated Planning Act 1997* as in effect when the application for the PDA development approval was made.

51AK Lapsing of Planning Act approvals

- (1) Section 100(2) to (5) continues to apply in relation to the Planning Act approval, instead of the Planning Act, section 85—
 - (a) as if a reference in section 100 to a PDA development approval were a reference to the Planning Act approval; and
 - (b) subject to—
 - (i) section 51AB(4); and
 - (ii) any extension of the currency period of the PDA development approval given under this Act; and

51AM Changes to Planning Act approvals that are minor changes for Planning Act

- (1) This section applies if a change application is made under the Planning Act for the Planning Act approval.
- (2) Despite the Planning Act, schedule 2, definition *minor change*, the change to the Planning Act

approval is a minor change for that Act unless—

- (a) the change results in substantially different development; or
- (b) the development the subject of the Planning Act approval, including the change, is prohibited development under the Planning Act; or
- (c) both of the following apply—
 - (i) a development application for the development the subject of the Planning Act approval, made under the Planning Act, the repealed *Sustainable Planning Act 2009* or the repealed *Integrated Planning Act 1997* when the application for the PDA development approval was made, would not have required public notification under the Act under which it was made;
 - (ii) a development application for the development the subject of the Planning Act approval, including the change, made under the Planning Act when the change application was made, would require public notification under section 53 of that Act.

51AN Responsible entities for change applications under Planning Act for Planning Act approvals

Despite the Planning Act, section 78A(1), the responsible entity for a change application made under that Act to change the Planning Act approval is—

- (a) if the change is, under section 51AM, a minor change to a condition of the Planning Act approval for which there was, under section 88(a), a nominated assessing

[s 39]

authority—the nominated assessing authority; or

- (b) if the change is to another condition of the Planning Act approval that was a PDA development condition of the PDA development approval—the entity prescribed by regulation; or
- (c) if paragraphs (a) and (b) do not apply—the entity that would be the prescribed assessment manager for a development application made under the Planning Act—
 - (i) for the development the subject of the Planning Act approval, including the change; and
 - (ii) at the time the change application is made.

51AO Change applications under Planning Act for Planning Act approvals

- (1) For applying the relevant planning provisions to a change application made under the Planning Act to change the Planning Act approval—
 - (a) a reference in the Planning Act, section 78A(2) or (3) to section 78A(1) of that Act includes a reference to section 51AN; and
 - (b) a reference in the relevant planning provisions to the assessment manager includes a reference to the entity mentioned in section 51AN(c); and
 - (c) if the change is a minor change for the Planning Act under section 51AM—a reference in the relevant planning provisions to a referral agency includes a reference to—

- (i) an entity that was, under section 88(a), a nominated assessing authority for a PDA development condition of the PDA development approval, if the condition is a condition of the Planning Act approval; and
 - (ii) another entity prescribed by regulation; and
- (d) the relevant planning provisions apply with any other necessary changes.
- (2) For applying the Planning Act, section 82 to the change application, a reference in section 82(2)(a)(ii) of that Act to the original development application includes a reference to the application for the PDA development approval.
- (3) If the responsible entity for the change application under the Planning Act must, in assessing the application, consider a matter mentioned in section 81(2)(d) or (da) of that Act—
 - (a) section 81(4) and (5)(c) of that Act applies for the assessment as if a reference in that section to when the development application for the development approval was properly made were a reference to when the change application was made; and
 - (b) section 81(5)(a) of that Act does not apply for the assessment.
- (4) In this section—

relevant planning provisions means the following provisions—

 - (a) the Planning Act, chapter 3, part 5, division 2, subdivision 2 other than section 78A(1) or 82;

[s 39]

- (b) the Planning Act, chapter 3, part 5, division 2, subdivision 3;

- (d) the Planning Act, section 229;
- (e) the Planning Act, schedule 1, section 1, table 1, item 2;
- (f) the development assessment rules under the Planning Act.

51AP Cancellation applications under Planning Act for Planning Act approvals

- (1) For applying the relevant planning provisions to a cancellation application under the Planning Act for the Planning Act approval—

 - (i) for the development the subject of the Planning Act approval; and
 - (ii) at the time the cancellation application is made; and
 - (b) a reference in the relevant planning provisions to a referral agency includes a reference to—
 - (i) an entity that was, under section 88(a), a nominated assessing authority for a PDA development condition of the PDA development approval, if the condition is a condition of the Planning Act approval; and

 - (c) the development assessment rules under the Planning Act.

51AQ Other matters about Planning Act approvals

- (1) Despite the Planning Act, section 119(2), the local government for the local government area to which the Planning Act approval relates must not give an infrastructure charges notice under that Act for the approval.
- (2) However, if a change application or extension application made under the Planning Act is approved for the Planning Act approval, the local government may give an infrastructure charges notice under that Act for the Planning Act approval if the notice relates to the change to, or extension of, the Planning Act approval.
- (3) Despite the Planning Act, section 139(1), a person can not make a conversion application under the Planning Act in relation to a condition of the Planning Act approval that was a PDA development condition of the PDA development approval.
- (4) A regulation may—
 - (a) for the Planning Act, provide that development on former PDA land, or that is

[s 40]

former PDA-associated development, is accepted development under that Act if—

- (i) the Planning Act approval implies the development is to be carried out; and
 - (ii) immediately before the land ceased to be in a priority development area, or the development ceased to be PDA-associated development, the development was PDA accepted development; and
 - (iii) the development complies with any requirements for the development stated in the regulation; or
- (b) if a condition of the Planning Act approval requires a document or thing to be given to, or approved by, MEDQ—state the entity the document or thing must be given to, or approved by, in place of MEDQ; or
- (c) make provision about another matter necessary or convenient to give effect to the transition from the PDA development approval to the Planning Act approval for which this Act does not make provision or sufficient provision.

Chapter 3, part 2—

Division 4A Relationship with South-East Queensland Water (Distribution and Retail Restructuring) Act 2009

51AR Application of division

This division applies if—

- (a) either—
 - (i) land (the *former PDA land*) ceases to be in a priority development area; or
 - (ii) PDA-associated development (the *former PDA-associated development*) for a priority development area ceases to be PDA-associated development for the area; and
- (b) a PDA development approval—
 - (i) was, immediately before the cessation, in effect for the former PDA land or former PDA-associated development; or
 - (ii) is given under division 4, subdivision 2 for the former PDA land or former PDA-associated development; and
- (c) the PDA development approval involves an aspect (a *water connection aspect*) that—
 - (i) is in relation to a connection under the *South-East Queensland Water (Distribution and Retail Restructuring) Act 2009* for which a water approval is required under that Act; and
 - (ii) for a PDA development approval that is prescribed by regulation and was in effect immediately before the cessation—is prescribed by a regulation that commences on or before the cessation.

51AS References to cessation

In this division—

[s 40]

- (a) a reference to cessation in relation to the former PDA land is, if the context permits, a reference to the time the land ceases to be in the priority development area; and
- (b) a reference to cessation in relation to the former PDA-associated development is, if the context permits, a reference to the time the development ceases to be PDA-associated development for the priority development area.

51AT Conversion of water connection aspects of PDA development approvals

- (1) Subsection (2) applies if a water approval is in effect for the land to which the PDA development approval relates—
 - (a) for a PDA development approval that was in effect for the former PDA land or former PDA-associated development immediately before the cessation—immediately before the cessation; or
 - (b) otherwise—immediately before the PDA development approval is given.
- (2) The water connection aspect of the PDA development approval is taken to be part of the water approval.
- (3) If subsection (2) does not apply, the water connection aspect of the PDA development approval continues in effect as a PDA development approval—
 - (a) as if the cessation had not happened; and
 - (b) until the part of the PDA development approval that becomes, under division 4, subdivision 2, a Planning Act approval stops having effect.

- (4) However, if a water approval is given for the land to which the PDA development approval relates while the water connection aspect is in effect as a PDA development approval under subsection (3), the water connection aspect is taken to be part of the water approval.
- (5) To remove any doubt, it is declared that this section does not limit or otherwise affect a requirement under the *South-East Queensland Water (Distribution and Retail Restructuring) Act 2009* for a water approval to be obtained for the making of a connection under that Act.

51AU Provisions about water connection aspects that are taken to be part of water approvals

- (1) This section applies if the water connection aspect of the PDA development approval is taken to be part of a water approval under section 51AT(2) or (4).
- (2) A PDA development condition of the water connection aspect is taken to be a water approval condition of the water approval under the *South-East Queensland Water (Distribution and Retail Restructuring) Act 2009*, even if the condition could not be imposed under that Act.
- (3) Despite the *South-East Queensland Water (Distribution and Retail Restructuring) Act 2009*, chapter 4C, part 4, there is no review or appeal right under that Act in relation to—
 - (a) the part of the water approval that was the water connection aspect; or
 - (b) a decision made under this Act in relation to the part of the water approval that was the water connection aspect.
- (4) To remove any doubt, it is declared that subsection (3) does not limit or otherwise affect—

[s 40]

- (a) an appeal mentioned in section 51AC(1)(a) or brought under section 51AD; or
 - (b) a review or appeal right under the *South-East Queensland Water (Distribution and Retail Restructuring) Act 2009*, chapter 4C, part 4, in relation to a decision under section 99BRAK of that Act about a request to amend a water approval condition of the water approval.
- (5) Despite the *South-East Queensland Water (Distribution and Retail Restructuring) Act 2009*, section 99BRCI(2), a distributor-retailer must not give an infrastructure charges notice under that Act for the part of the water approval that was the water connection aspect.
- (6) However, if the part of the water approval that was the water connection aspect is amended under the *South-East Queensland Water (Distribution and Retail Restructuring) Act 2009*, section 99BRAK, an infrastructure charges notice may be given under that Act in relation to the amendment.
- (7) Despite the *South-East Queensland Water (Distribution and Retail Restructuring) Act 2009*, section 99BRDE(1), a person can not make a conversion application under that Act in relation to a condition of the water approval that was a PDA development condition.
- (8) A regulation may—
- (a) if the water connection aspect requires a document or thing to be given to, or approved by, MEDQ—state the entity the document or thing must be given to, or approved by, in place of MEDQ; or
 - (b) make provision about another matter necessary or convenient to give effect to the transition from the water connection aspect of the PDA development approval to the

water approval for which this Act does not make provision or sufficient provision.

84A MEDQ must give notice of requirement to give compliance statement

- (1) This section applies if the applicant is required to comply with section 84 for the application.
- (2) MEDQ must give the applicant a notice stating that the application will lapse if the applicant does not, within a stated period of at least 40 business

days after the notice is given, give MEDQ a compliance statement in relation to the application.

- (3) However, the notice may not be given before—
 - (a) if an information request has been made in relation to the application—the applicant is given a notice under section 83B in relation to the request; or
 - (b) otherwise—the end of 20 business days after the properly made date for the application.

- (1) This section applies if the applicant has been given a notice under section 84C(3) and either of the following applies—
 - (a) the applicant fails, within the relevant period, to give MEDQ a further compliance statement in relation to the application;

[s 89]

- (b) the applicant gives MEDQ a further compliance statement in relation to the application within the relevant period but MEDQ decides, under section 84D(2), that the applicant has not substantially complied with section 84 for the application.
- (2) MEDQ may refuse the application.
- (3) However, MEDQ may refuse the application only if it has given the applicant at least 10 business days notice of its intention to do so.

335 Definitions for part

In this part—

amending Act means the *Economic Development and Other Legislation Amendment Act 2019*.

former, in relation to a provision, means as in force immediately before the provision was amended or repealed under the amending Act.

336 Particular existing decisions about superseded planning scheme requests

- (1) This section applies if—
 - (a) before the commencement, a decision was made, or taken to have been made, under former section 29 to accept, assess and decide a superseded planning scheme application; and
 - (b) immediately before the commencement, the superseded planning scheme application had not been made.
- (2) Former section 29, other than former section 29(9)(b) and (11), continues to apply in relation to the decision, including the making of the superseded planning scheme application, as if the amending Act had not been enacted.
- (3) Section 29(9)(b) applies for assessing the superseded planning scheme application.

[s 182]

- (4) If the superseded planning scheme application is for development that is categorised as prohibited development under the planning scheme, section 29A applies in relation to the making of the application.

337 Existing superseded planning scheme applications

- (1) Former chapter 2, part 4, division 1 continues to apply in relation to a superseded planning scheme application made under former section 29, but not decided, before the commencement as if the amending Act had not been enacted.
- (2) Subsections (3) to (5) apply if the superseded planning scheme application includes development that is categorised as prohibited development under—
 - (a) the superseded planning scheme to which the application relates; or
 - (b) a categorising instrument other than the planning scheme.
- (3) Despite subsection (1), the superseded planning scheme application is taken never to have been made.
- (4) Despite section 29(9)(a), the applicant may, within 6 months after the commencement, make a new superseded planning scheme application for development that is substantially similar to development the subject of the original application.
- (5) Chapter 2, part 4, division 1 applies in relation to the new superseded planning scheme application.

338 Particular planning changes

- (1) This section applies to a planning change that

happened before the commencement if—

- (a) the planning change is, under former section 30(4)(e), not an adverse planning change; and
 - (b) the planning change would be an adverse planning change under section 30 if it happened after the commencement.
- (2) The planning change is taken to be, and to have always been, an adverse planning change.

339 Particular existing applications

- (1) For a development application made, but not decided, before the commencement, former section 48 continues to apply as if the amending Act had not been enacted.
- (2) For a change application made, but not decided, before the commencement—
 - (a) sections 78A and 81A do not apply; and

340 Particular representations dealt with before commencement

[s 182]

- (c) before the commencement, the assessment manager gave the applicant a notice, under the old Act, section 363(1) or (5) or section 76(2) of this Act, in relation to the representations.
- (2) If the notice was given under the old Act, section 363(1) or (5), the notice—
 - (a) is not invalid merely because it was given under that section instead of under section 76(2) of this Act; and
 - (b) is not invalid merely because, before giving the notice, the assessment manager complied with the old Act, section 363(2) instead of section 76(1) of this Act; and
 - (c) is taken to be and to have always been—
 - (i) for a notice given under the old Act, section 363(1)—a negotiated decision notice under this Act; or
 - (ii) for a notice given under the old Act, section 363(5)—a decision notice given under section 76(2) of this Act that states the assessment manager does not agree with the representations.
- (3) If the notice was given under section 76(2) of this Act, the notice—
 - (a) is not invalid merely because it was given under that section instead of under the old Act, section 363(1) or (5); and
 - (b) is not invalid merely because, before giving the notice, the assessment manager complied with section 76(1) of this Act instead of the old Act, section 363(2).

[s 182]

section 299 of this Act, or the old Act, section 343 under subsection (2), a reference in the old Act, section 341(7), definitions *related approval*, paragraph (a), (b) or (c) to—

 - (c) the assessment manager would have been required to assess, or could have assessed, the development application or change application against, or having regard to, the statutory instrument if the instrument had been in effect when the development application was properly made or the change application was made; and

- (d) the statutory instrument is not an amended or replacement statutory instrument to which the assessment manager or responsible entity may give weight under former section 45(7).
- (2) The development approval is not invalid merely because the assessment manager or responsible entity gave weight to the statutory instrument.

344 Validation provision for particular infrastructure charges notices under old Act

- (1) This section applies to an infrastructure charges notice given under the old Act on or after 4 July 2014 but before the commencement if—

 - (b) the infrastructure charges notice does not comply with the requirement.
- (2) It is declared that the infrastructure charges notice is taken to be, and to always have been, as valid as it would have been if it had included, or been accompanied by, an information notice about the decision to give the infrastructure charges notice that states the reasons for the decision.
- (3) It is also declared that anything done, or to be done, in relation to the recovery of the levied charge under the infrastructure charges notice by the local government that gave the notice is as valid as it would have been or would be if the notice had included, or been accompanied by, an information notice about the decision to give the infrastructure charges notice that states the

- (4) Subsection (5) applies if the levied charge under the infrastructure charges notice has, before the commencement, been paid to the local government that gave the notice.

- (1) Subsection (2) applies in relation to an appeal to the P&E Court, or a tribunal, started, but not decided, before the commencement.
