Subject: Qld Racing Integrity Commission Bill

We are totally opposed to the the Qld Racing Integrity Commission Bill.

The racing industry deserves better than what is being put forward at present.

As Owner's and breeder's of thoroughbreds since 1982 we have seen many situations over the years.

Nothing as ridiculous as what is being put onto us now has have ever been seen before.

The Racing Industry employs a lot of people.....not just those attending the horses or dogs!

There is many staff employed on race days.....let's have some common sense please.
