Subject: Queensland racing

I live in Toowoomba and wish to lodge my disapproval to the new intended changes to horse racing in Queensland. The reason I become a race horse owner was to if I had a horse good enough to win a race I would receive attractive prize money relevant to the town it raced and It would be also my way of creating some employment throughout our state. These changes if implemented would fall a long way short of my expectations. I have always been a labor supporter and I hope our premier will ensure these damaging changes are overturned.

Many thanks. Jim Searston. [REDACTED] Kearneys Spring Qld 4350
