To whom it may concern

Re: Racing Integrity Bill 2015

I am writing to lodge my submission against Greyhound Racing in Queensland

I am disappointed at the QLD Government and their continued efforts at supporting and strengthening an in- humane industry that races, cages and routinely kills dogs for gambling.

It is a blood sport and one that encourages an addiction when household debt levels are increasing. Greyhound racing and especially Queensland Government and encouraging gambling and encouraging a cruel sport

We need to see a ban on Greyhound racing in Queensland and get these poor animals away fro the suffering

Yours faithfully

Karen McDonald

Anstead QLD 4070
