The whom it may concern,

I would just like to raise a few issues before the decision on puppy farms is addressed.

I cannot believe the conditions that these animals are kept in at most of these breeding facilities.

Dogs are a part of people's families not something that should be treated like this in these horrendous conditions.

I cannot believe that our government bodies are letting this happen.

Do you own a dog? Do your children love their pets? How would you explain to them how these dogs suffer to make some one rich? Can you change this? The answer is yes!!
