Hello Elizabeth,

We are from Western Australia, Northern Districts Working Sheep Dog Club and would like to support you with these inclusions that do affect us as farmers and small holding farmers as well as the Club.

Could you forward me the template today and on behalf of the NDWSDC I will fill it in before the 9th. Our WA Association has also prepared a submission.

Thank you and well done on your efforts it is very important and we are all concerned.

Regards,

Marge Solomon
