To Qld Government

Please!!!! Close down all Puppy Farms & Charge the people involved with Animal Cruelty.

The Owners/workers are evil & cruel forcing Dogs to live hell holes.

Owners of Puppy Farms have no respect for 'Man/Woman's Best Friend the Devoted Dog.

Dogs cannot speak & are innocent Victims of Animal Abuse.

They are like young Children they too have no voice & have to take the abuse & violence we humans force on them..

'Puppies for Profit' shows the appallingly cruel people that live in our Society, they have no compassion.

I know of a woman who Adopted a very old Female Maltese Dog who had been used as a Breeder in a Puppy

Farm she was so neglected with many health problems. Her little feet had imprints on her feet pads - the Vet

said the marks on her feet was from the wire that had scarred her little feet having lived in a Cage for countless years.

She was terrified of people & would cringe & whimper then wet the floor if people went near her.

She eventually trusted the woman who Rescued her.

The little Dog lived another 2 years in a wonderful caring Home.

The Laws regarding 'Animal Cruelty' need to be dramatically increased too.

Yours sincerely

Pamela Richards
