**Date:** Saturday, 2 April 2016 8:55:39 PM

---

Dear Members of the Committee

I care about land clearing because it has far reaching impacts on koala habitat, the Great Barrier Reef catchment and accelerates climate change.

*The Vegetation Management (Reinstatement) and other Legislation Amendment Bill 2016* has many merits as it will stop large scale clearing of woodland remnants, and will restore protections for growing woodlands on freehold and Aboriginal lands, and riparian areas.

Please consider this submission.

Yours sincerely

Sue Collings
