Dear Sir, madame,

We are writing this letter to strongly object to the bill that proposes to amend the Vegetation Amendment Act 1989, the Sustainable Planning Act 2009, the Water Act 2000, the Environments Offsets Act 2014.

We the land owners depend on the land for our income the last thing we are going to do is destroy our livelihood.

Regarding the Category C proposed area C containing concern regional ecosystems

I do not know what the concern is because this land has been cared for the same as our parents cared for it years ago.

The vegetation is the same as it has always been

We object very strongly to this proposed Vegetation Management Supporting map.

Yours Sincerely
Half Owner L.D. Gnech
