To the Agriculture and Environment Parliamentary Committee,

Submission about the Vegetation Management (Reinstatement) and Other Legislation Amendment Bill 2016:

I want protection of high conservation value vegetation and river edges reinstated to how they were in 2012.

We all need the bush to protect our unique flora and fauna, for clear air, clean water, to stop erosion, to reduce greenhouse gas emissions and for its sheer beauty.

I also support more funding for bush-carers and Landcare groups.
