Dear Chair and Committee Members

Submission to Committee on Vegetation Management (Reinstatement) and Other Legislation Amendment Bill 2016

I am making this submission for a number of reasons. Land clearance in Queensland needs to be even more carefully regulated and policed, and transgressors brought to court, than is now the case. Any suggestion of making it even easier to destroy our natural heritage as well as our agricultural capability by such short-term greed is totally unacceptable and worthy only of an LNP government. It is a disgrace for the ALP even to be considering such a move.

Yours sincerely

Noel Bird
