Environmental underground water management and other legislation amendment bill 2016.
This bill may delay the approval of stage 3 of the new Acland coal mine Who employ a lot of workers through the supply chain from mine to Queensland rail and port services at QBH there I work.

We all rely on mine continuity for our job security, a delay may risk job security for anybody working in the coal supply chain. We all have families and bills to pay and cannot afford any more delays in the approval process.

Thank you for your time.

Regards,

Lindsay Bamberry
QBH Acting Supervisor

.....
Queensland Bulk Handling
