To whom it may concern.

The Delay in the Approval for NAC, will have a devastated effect on me and my family and everyone else associated with NAC.

The Guys at QBH have been told about the delays and already, the employees are talking about their job security. Not to mention what, the other sites/companies are going through

Why is there only a hand full people out there, wanting to put a stop to the coal industry. I'm pretty sure that the coal industry has been around longer than those hand full of people.

Pat Faulkner
