---

To whom it may concern,

My name is Toan Huynh and I have been an employee of the New Hope Group for the last 8 years. I'm writing this email to voice my concern about the delay of the new stage 3 at new Acland coal mine. The case has already been through the land court for so long that it's going cause a delay in the new stage and will affect some employees at New Hope already. With this new underground water management bill will further delay the new expansion and will cause myself and many employees to lose our jobs. I have young family with 2 boys still at school and a mortgage that I rely on my job to pay for.

Kind regards

Toan Huynh
