Subject: Waste Reduction and Recycling Amendment Bill 2017

Good morning,

Re the **Waste Reduction and Recycling Amendment Bill 2017**

I fully support the introduction of a lightweight shopping bag ban and a container refund scheme (CRS) for Queensland.

Working in Landcare on Cape York I am continually shocked by the plastics in our natural environment.

The introduction of a lightweight shopping bag ban and a container refund scheme (CRS) for Queensland would be a huge help in reducing litter on Cape York.

Regards
