Subject: submission to changes to Resource Act
Date: Monday, 7 July 2014 8:10:48 AM

We have read the proposed changes to the Resource Act and some we strongly object to, to name a few

Amendments to restricted land

Rights of objection

Opt-out agreements

Remediation of bores

This reinforces our view that the National Liberal Party are not to be trusted.

We have been approached by Arrow Energy wanting to buy approximately 14 Km of our boundary to the May Downs Road.

The thought of Jeff Seeney and Commissioner Cotter looking after our interests is not for the faint hearted.

Eion and Anne Anderson
