I object to Clause 429. Removal of restricted land status when the miner is granted exclusive surface rights to access land removes one of the few rights of vulnerable landholders. No-one should have the land surrounding their house destroyed by an open-cut mine yet this would be possible under this clause.

I object to clauses 234 and 242. It is inappropriate to restrict matters that the Land Court can consider and give these powers, such as to consider the 'public interest', to the Minister. Decreasing judicial oversight, increasing ministerial powers and shutting out community participation has worrying implications for corruption.

I object to Clause 245. Limiting community notification and formal objection rights to the Land Court to "site specific" environmental authorities will, in conjunction with the above clauses, remove all existing public rights to lodge formal objections to the Land Court in up to 90% of mining projects in Queensland.
