Date: Tuesday, 8 July 2014 5:21:51 AM

Mr Cripps,

I am writing to strenuously object to the laws you are introducing to take away my right to object to new mining leases.

This concept is absolutely intolerable.

When did you become so callous and inconsiderate of the individuals in our country?

Of course we each and all should have the right to object to something, anything, that we feel will negatively impact on our quality of life.

I hope you are voted out

This is disgusting
