My name is Sandy Bratt and I live at [REDACTED], Bluewater Qld 4818 and my phone number is [REDACTED].

As my member, I would like you to represent your Constitutes interests and remove clauses 418, 420, 245, 423, 424 & 429 as they take away our rights to be notified of mining lease and the ability to object to same.

Mining can cause problems that can be wide spread.

Please help us protect our environment.

Sand Bratt
