Subject: Submissions - Minerals and Energy Bill 2014
Date: Monday, 7 July 2014 11:57:33 PM

Dear Mr Andrew Cripps

As an Australian it concerns me greatly that these changes in the Minerals and Energy Bill will diminish my existing rights to object to unfair mining lease applications. You were not voted in to take away our rights in this way. Please do not put mining development before a community of people. Exempting mining developers from their responsibilities will not force people like me to accept them.

Please reconsider your Minerals and Energy Bill.

Regards
Karen Thompson
