

Received 7/4/08
Submission No.16.

From: Nicklin Electorate Office
Sent: Monday, 7 April 2008 9:41 AM
To: Broadcast Committee
Subject: Review of television coverage in Parliament
Dear Simon

I support the opportunity for the continuation of the current television coverage of Parliament. I understand that it is at no cost to tax payers and there has been no security incidents in the past to necessitate a change. I believe the Speaker should not have the capacity to monitor or filter what television footage is sent from Parliament. I do not seek the opportunity to address your committee on this matter

Yours sincerely
