Subject: Rural fire brigade changes submission

I Sean hordern wish to let you know I can not see any good coming for the changes you wish to bring into legislation for volunteers it the RFS we are volunteers doing a job for free we as volunteers have had no consultation from the state government and I believe you will have us leaving in droves our Brigades run them selves within a group area we should be run by the RFS not qfes (red trucks) we all have lives away from the rfs and only volunteer to help our communities the moment you restrict our activities or start forcing us to come under duress by changing the way we work myself and many others will walk away and there will not be any one to fight fires any more.
