

## Queensland Community Safety Bill 2024

**Submission No:** 3  
**Submitted by:** Duncan Sheridan  
**Publication:** Making the submission and your name public  
**Attachments:** No attachment

**Submitter Comments:**

We the people don't want your over reaching communism to take our firearms as there are many good firearm owners who obey the laws and regulations set by state and federal government

Allowing this bill to pass will only lead to anger the majority of the public It's in the best interests of free speech too remain free otherwise Australia just becomes a communist state which NO ONE has voted for at all.
