Submitter Comments:

Whilst I support passing bills to make state a safer place for all to live I have concerns that this bill is being rushed through without give sufficient time for people to review and provide submissions to the bill. I am requesting an extension on this bill to enable various community stakeholders sufficient time to review the bill before submitting meaning full submissions if required. Allowing an extension gives time to be reviewed and possibly adjusted to ensuring a bill is past which does not require additional amendment in the near future
