

Queensland Community Safety Bill 2024

Submission No: 32
Submitted by: Chin Woon
Publication: Making the submission and your name public
Attachments: No attachment

Submitter Comments:

In relation to the Community "Consultation" on the Bill that is only opened until May 16th, it does not provide the licensed shooters and people who are considering in taking part in this sport to have adequate time to learn about and review the proposal in order to produce a proper submission together. This submission period MUST be delayed to allow Queenslanders a proper chance to consider the Bill. I am seeking an extension to the time available for the members of the shooting community to review it in order to provide a submission.
