Hi,

This bill has not gone through the correct processes and given the people of Queensland and Australia in general to assess the situation.

It is ludicrous and unacceptable to pass this without proper consultation and adequate time!

I am against this bill, please 1 quash it and consult the general public, especially firearms owners as it is them who it is affecting the most! And 2, extend the period so we can actually have a chance to have our say.

My friends, family and relatives are all against this!

Regards, Scott Dawson
