---

Hi,

I just wanted to illustrate my disgust in this bill even being before parliament. This is a waste of my and every tax payers money.

I do not pay tax for this.

15 years ago, my ex partner had a DVO put against me with no grounds or even a shred of evidence. I had never touched her. She did it as ammunition in a family law battle we were going through for custody of my son. Under this bill, any woman can use this to hurt and manipulate their male partners, especially if it is in their "best interests" to do so. God knows their lawyer will tell them to do it. Her lawyer did.

Gun crime is a non issue. It hasn't been an issue since Martin Bryant.

Don't punish law abiding citizens because the police are incapable of stopping youths stabbing and robbing the public.

You want to pass a bill? Make prisons self sustaining. Make them work for their keep.  
They don't work, they eat the cheapest food possible.  
Plenty of roads can be built much cheaper than they are now.

Kind regards,

Shaun Moyle
