Submitter Comments:

I strongly disagree with this safety bill as it places further harsh restrictions on every day people and will not deter criminals with bad intentions. This bill puts more distress and hardship on everyday good people in society. It would be far more beneficial to promote small business and reduce living costs which would create a better standard of living for people to achieve and strive for which would deter criminal behaviour. Banning knives is absolutely ridiculous, people enjoying the outdoors in a public place will always need a knife whether it be for food preparation or as a tool and many other reasons. I feel that this bill is designed to generate more revenue for the government more so than for public safety
