The Community Safety & Legal Affairs Committee,

I am writing to you to request your support in extending the community consultation timeframe on this Bill. I don't believe there has been enough time for the Bill to be considered in its entirety and am concerned that it may have unintended consequences for law abiding firearms owners, the general public by association, and its potential impact on free speech.

I do however agree with the essence of the Bill, and what it is trying to achieve in regards to Community Safety, however think that a narrower more focussed approach is needed to address the specific issues for which this Bill is intended.

Kind regards  
David Bowling
