Hi,

I am writing to you requesting an extension to the time available for consultation regarding QLD Community Safety Bill 2024.

I find it very worrisome when legislation is "pushed through" without allowing for proper time for consultation. This bill will affect the wider community and if the bill is as good as it appears to be appropriate time should be allowed.

The Shooters Union brings up some very concerning issues and without clear language, legal and law abiding firearms owners could be negatively affected. I agree with all of the issues they have outlined in the following link.

I feel very strongly about these matters and would appreciate your support as my representative.
