Subject: Community Safety Bill 2024 & Castle Doctrine Law
Date: Monday, 13 May 2024 10:11:50 AM

To Queensland Government Ministers,

I am writing to you to express my concern with the rushed attempt to pass legislation regarding the Community Safety Bill 2024 and especially the impact it will have on law abiding firearm owners and the authoritarian approach to restrict the civil liberties of those that you are meant to represent. I am requesting that you support an extension for real consultation from stakeholders and the citizens that you represent, to provide adequate time to scrutinize the legislation properly and provide a submission.

I am also requesting that you support the KAP Castle Doctrine Law and the right to defend my family and myself in my own home, if my property is targeted by those that wish to do harm and break the law.

Regards
