I'm the Son of a WWII Veteran and I'm appalled at what You are doing to Australia There's NO NEED TO be adding or amending anything in the present legislation for Weapons What is already happening is hard enough to Fathom out and while stifling the rights of good true Law ABIDING Australians with pathetic new law is a disgusting act As with our freedom of speech These are what my Father fought for from age 17 to ensure these values were there for all Australians to enjoy These benefits were a testament of the Bravery and Blood They would be adhered at the treatment we are receiving from our Politicians I call on the Government to abolish any changes to the present laws and stop treating us as Criminals
