Subject: To Community Support and Services Committee (CC my local MP): Submission on the Housing Legislation Amendment Bill 2021 and the Residential Tenancies and Rooming Accommodation (Tenants' Rights) and Other Legislation Amendment Bill 2021

Dear Steven Miles MP,

Dear the Community Support and Services Committee, cc my local MP -

I'd like to comment on both the Housing Legislation Amendment Bill 2021 and the Residential Tenancies and Rooming Accommodation (Tenants' Rights) and Other Legislation Amendment Bill 2021.

I'd also like to take this opportunity to share something with you: a snapshot of what it's like to rent in Queensland.

I am a young 26 year old women single mother to my daughter we both suffer health issues I have had to get a job which it frankly cost me more to go to work then stay at home and I love working ! I am being harassed and bullied by my real estate for the whole time I have been in my house and because this is my first rental they think they can do whatever they wish and it's unfair as I don't have the time more the money or knowledge to know what to do in these situations especially during covid I'm terrified we are going to be homeless I have not been told why the owners won't renew the lease I have applied for Hundred and hundreds of property's and most don't even get opened

In its current form, the Housing Legislation Amendment Bill 2021 will do little to improve my situation as one of the 1.8 million renters in Queensland. While this bill may be palatable to the real estate lobby, it completely disregards my experience as a renter.

While I'm pleased that the Housing Legislation Amendment Bill includes positive provisions for renters experiencing domestic and family violence, it contains little other reforms of substance for renters.

I urge the Queensland Government to take this opportunity to amend this bill and to implement real rental reforms that will make renting in Queensland affordable, secure and fair.

It's crucial that rental reforms in Queensland include:

- A genuine end to 'no grounds' evictions – providing tenants with long-term security in their homes without the risk of an unfair eviction at the end of their lease
- Allowing tenants to make minor modifications, like hanging picture frames or installing furniture safety anchors
- A real ban on rent bidding – banning agents and property owners from accepting amount above the advertised rent for a property
- Expanding minimum standards to include ventilation, cleanliness and insulation
- Stopping unreasonable rent increases by tying rent increases to general inflation (CPI)
- Ensuring prospective tenants have fair and honest information about the property
- Banning inappropriate or discriminatory questions by lessors
- Make it easier for tenants to have pets – by flipping the onus on property owners/agents to demonstrate why it's unreasonable for a tenant to have pet

These provisions are included in the Residential Tenancies and Rooming Accommodation (Tenants' Rights) and Other Legislation Amendment Bill 2021. I urge the government to either support the Tenants' Rights Bill, or amend its own bill to provide real protections for renters.

Yours sincerely,
