Subject: To Community Support and Services Committee (CC my local MP): Submission on the Housing Legislation Amendment Bill 2021 and the Residential Tenancies and Rooming Accommodation (Tenants' Rights) and Other Legislation Amendment Bill 2021

Dear Ali King MP,

Dear the Community Support and Services Committee, cc my local MP -

I'd like to comment on both the Housing Legislation Amendment Bill 2021 and the Residential Tenancies and Rooming Accommodation (Tenants' Rights) and Other Legislation Amendment Bill 2021.

I'd also like to take this opportunity to share something with you: a snapshot of what it's like to rent in Queensland.

[ADD YOUR EXPERIENCES AS A RENTER HERE]Hi, I rent a very modest and small house in Banksia Beach Bribie Island, I am a cleaner on very low income 57yrs of age have an 18yr old son (looking for work) & 15yr old daughter . My fear is we will not be able to stay if our rent is increased our home is very small 3bedroom 1 bathroom which suits us but we moved in Nov 2020 & the rent was advertised as \$430 but I suggested it was not worth that as only one bathroom and the house is the size of a large unit basically, so I offered \$400 and it was accepted. My work is on Bribie and we dearly want to stay on Bribie but if the rent goes up the struggle is real. Wally the worker cant afford high rents

In its current form, the Housing Legislation Amendment Bill 2021 will do little to improve my situation as one of the 1.8 million renters in Queensland. While this bill may be palatable to the real estate lobby, it completely disregards my experience as a renter.

While I'm pleased that the Housing Legislation Amendment Bill includes positive provisions for renters experiencing domestic and family violence, it contains little other reforms of substance for renters.

I urge the Queensland Government to take this opportunity to amend this bill and to implement real rental reforms that will make renting in Queensland affordable, secure and fair.

It's crucial that rental reforms in Queensland include:

- A genuine end to 'no grounds' evictions – providing tenants with long-term security in their homes without the risk of an unfair eviction at the end of their lease
- Allowing tenants to make minor modifications, like hanging picture frames or installing furniture safety anchors
- A real ban on rent bidding – banning agents and property owners from accepting amount above the advertised rent for a property
- Expanding minimum standards to include ventilation, cleanliness and insulation
- Stopping unreasonable rent increases by tying rent increases to general inflation (CPI)
- Ensuring prospective tenants have fair and honest information about the property
- Banning inappropriate or discriminatory questions by lessors
- Make it easier for tenants to have pets – by flipping the onus on property owners/agents to demonstrate why it's unreasonable for a tenant to have pet

These provisions are included in the Residential Tenancies and Rooming Accommodation (Tenants' Rights) and Other Legislation Amendment Bill 2021. I urge the government to either support the Tenants' Rights Bill, or amend its own bill to provide real protections for renters.

Yours sincerely,
