Dear Joseph Kelly MP,

Dear the Community Support and Services Committee, cc my local MP -

I'd like to comment on both the Housing Legislation Amendment Bill 2021 and the Residential Tenancies and Rooming Accommodation (Tenants' Rights) and Other Legislation Amendment Bill 2021.

I'd also like to take this opportunity to share something with you: a snapshot of what it's like to rent in Queensland.

We were due to leave our rental property in 2 months. We had chosen to leave and not renew the lease because the agent and home owner didn't care to fix the drain under the house properly and everytime it rained our belongings got flooded. Within the last 2 months at the property before the lease ended another storm hit and the room leaked causing the back of the house to smell and grow mould from the roof. The roof at the back of the house was black. We reported it and asked for it to be fixed. They said they would but of course didn't bother even though we asked multiple times. We finished our lease with that roof and they re rented the house with the roof like that. I hope they fixed it for the new tenants that came in but who knows.

In every rental property I have been forced to pay more rent everytime the lease comes up. There should be a limit for the area for rent and that can include number of bedrooms. It's not fair to be continuously asked to pay more rent or get out. It shouldn't be upto the owner. It should be up to the council to set the standard. Real estates tell me that they advise owners to put up the rent so they can get more commission. It's just not fair for the average person.

In its current form, the Housing Legislation Amendment Bill 2021 will do little to improve my situation as one of the 1.8 million renters in Queensland. While this bill may be palatable to the real estate lobby, it completely disregards my experience as a renter.

While I'm pleased that the Housing Legislation Amendment Bill includes positive provisions for renters experiencing domestic and family violence, it contains little other reforms of substance for renters.

I urge the Queensland Government to take this opportunity to amend this bill and to implement real rental reforms that will make renting in Queensland affordable, secure and fair.

It's crucial that rental reforms in Queensland include:

- A genuine end to 'no grounds' evictions – providing tenants with long-term security in their homes without the risk of an unfair eviction at the end of their lease
- Allowing tenants to make minor modifications, like hanging picture frames or installing furniture safety anchors
- A real ban on rent bidding – banning agents and property owners from accepting amount above the advertised rent for a property
- Expanding minimum standards to include ventilation, cleanliness and insulation

- Stopping unreasonable rent increases by tying rent increases to general inflation (CPI)
- Ensuring prospective tenants have fair and honest information about the property
- Banning inappropriate or discriminatory questions by lessors
- Make it easier for tenants to have pets – by flipping the onus on property owners/agents to demonstrate why it's unreasonable for a tenant to have pet

These provisions are included in the Residential Tenancies and Rooming Accommodation (Tenants' Rights) and Other Legislation Amendment Bill 2021. I urge the government to either support the Tenants' Rights Bill, or amend its own bill to provide real protections for renters.

Yours sincerely,
