Subject: To Community Support and Services Committee (CC my local MP): Submission on the Housing Legislation Amendment Bill 2021 and the Residential Tenancies and Rooming Accommodation (Tenants' Rights) and Other Legislation Amendment Bill 2021

Dear Michael Berkman MP,

Dear the Community Support and Services Committee, cc my local MP -

I'd like to comment on both the Housing Legislation Amendment Bill 2021 and the Residential Tenancies and Rooming Accommodation (Tenants' Rights) and Other Legislation Amendment Bill 2021.

I'd also like to take this opportunity to share something with you: a snapshot of what it's like to rent in Queensland.

In 2019 I was renting a 6 person sharehouse with some friends in [REDACTED]. The house had only been rented as a sharehouse and was by no means a palace (i.e. the only stairs from the bottom level to top level was outside). We were never late with our rent and the house was immaculate for inspections - we were ideal tenants. The garage door of the house was slightly dinged by a car. In good faith, we let the agents know and tried to knock the dent out which we did pretty successfully. If we had not pointed it out, there was no way they would have known. Upon the conclusion of our lease, the agents informed us that the owner wanted all of our bond (approx \$3k) to replace the ENTIRE garage door system over this dent. They withheld our bond as as full time uni students, this was financially very hard for us. We ended up settling at mediation and paid \$400 in the end. However, it was such a stressful process where we were bullied by the agents and owners into going above and beyond

what we should have had to repair as tenants. Disgraceful.

In its current form, the Housing Legislation Amendment Bill 2021 will do little to improve my situation as one of the 1.8 million renters in Queensland. While this bill may be palatable to the real estate lobby, it completely disregards my experience as a renter.

While I'm pleased that the Housing Legislation Amendment Bill includes positive provisions for renters experiencing domestic and family violence, it contains little other reforms of substance for renters.
