Subject: Submission to the Housing Legislation Amendment Bill 2021

I disagree that I should be forced to accept pets into my rental properties.
I do not want any animals living inside my properties and they do not have individual outdoor areas with enclosed fencing.
The area in the front of each unit is a driveway and the rear should not be individually fenced due to the need for access/exit from each unit in case of emergency or fire.
A blanket order is unacceptable and should be assessed for each property.
Thank you

Janet Dunn
