Dear Timothy Mander MP,

Dear the Community Support and Services Committee, cc my local MP -

I'd like to comment on both the Housing Legislation Amendment Bill 2021 and the Residential Tenancies and Rooming Accommodation (Tenants' Rights) and Other Legislation Amendment Bill 2021.

I'd also like to take this opportunity to share something with you: a snapshot of what it's like to rent in Queensland.

I've been renting since i moved out of home 10 years ago, and it's gotten worse every year. We now have to put up with photos getting taken at every rental inspection as if privacy isn't provided to people who cant afford to buy a house. And if you speak up about it, you get bullied by real estate agents and refused repairs for weeks on end. I applied to have a dog (greyhound) at my townhouse rental, approved by the owner, and since i stick to rules i applied to body corporate. Only for them to say no on the grounds of the dog being 'too big'. I went through many emails, and the appropriate body, to mediation with them, to finally have a form of agreement with additional rules only for me - the other dog owners in the complex didnt have the same rules.

I want to be able to have privacy again, not photos taken and emailed to the owner where they don't obey the same privacy laws the real estate do.

I want to be able to have a pet easier, without fearing that the rest of the market is going to say no when i need a rental next.

In its current form, the Housing Legislation Amendment Bill 2021 will do little to improve my situation as one of the 1.8 million renters in Queensland. While this bill may be palatable to the real estate lobby, it completely disregards my experience as a renter.

While I'm pleased that the Housing Legislation Amendment Bill includes positive provisions for renters experiencing domestic and family violence, it contains little other reforms of substance for renters.

I urge the Queensland Government to take this opportunity to amend this bill and to implement real rental reforms that will make renting in Queensland affordable, secure and fair.

It's crucial that rental reforms in Queensland include:

- A genuine end to 'no grounds' evictions – providing tenants with long-term security in their homes without the risk of an unfair eviction at the end of their lease
- Allowing tenants to make minor modifications, like hanging picture frames or installing furniture safety anchors
- A real ban on rent bidding – banning agents and property owners from accepting amount above the advertised rent for a property
- Expanding minimum standards to include ventilation, cleanliness and insulation
- Stopping unreasonable rent increases by tying rent increases to general inflation (CPI)
- Ensuring prospective tenants have fair and honest information about the property
- Banning inappropriate or discriminatory questions by lessors
- Make it easier for tenants to have pets – by flipping the onus on property owners/agents to demonstrate why it's unreasonable for a tenant to have pet

These provisions are included in the Residential Tenancies and Rooming Accommodation (Tenants' Rights) and Other Legislation Amendment Bill 2021. I urge the government to either support the Tenants' Rights Bill, or amend its own bill to provide real protections for renters.

Yours sincerely,
