My name is [REDACTED]. My address is [REDACTED]. I would like my submission to be public.

I think the food and safety that everyone's got to live by their code in, in their work ethic according to everyone, is lacking here. It's been lacking since the place has been open. The food's been inadequate. The supervisors that turn up don't even know how to reheat a food or deal with any issues, it gets put upon other residents to deal with issues and call the police and [REDACTED] to get ourselves looked after. There is no responsibility. I believe that has been lacking since day one and I believe they should shut it down or fix it.
