Dear Secretary,

I hereby make this submission is made on behalf of myself and my family to end the state of emergency by 30th of April, 2022 if not sooner.

In my opinion, there is no need to extend the current state of emergency, as the COVID emergency no longer poses a threat to the health of people in our communities nor is it an urgent situation.

In fact, ending the state of emergency and also the current mandates will be beneficial in many ways for our communities. Segregation, as a result of the personal health related choices, will also end.

Yours sincerely,
Maria Santiago
