Subject: PUBLIC HEALTH AND OTHER LEGISLATION (EXTENSION OF EXPIRING PROVISIONS) AMENDMENT BILL 2022
Date: Monday, 28 February 2022 9:28:00 PM

In response to the purpose and temporary measures outlined on the Queensland Parliament website, I wish to advise that any measures or changes being considered are in my opinion, no longer necessary for the state.

People are no longer interested in any decisions being made on our behalf, as they should have been in the first place.

I/We no longer want to consent to any changes regarding the Covid-19 virus which we all know was never as serious as we were originally led to believe.

Since then, many people have awoken to the fact that all the mandates forcibly imposed, were never for our health as the future will eventually reveal.

Alana Roy
