Dear committee chair

I wish to express my opposition to any extension of emergency powers in particular.

As I write this , I have had the COVID 19 infection, and so has everyone I know.

The disease is now mild.

The peak has passed with less than 300 in hospitals, and falling.

I am seeing substantial misery and economic devastation due to government overreach and mandates in particular.

All restrictions have been dropped in many other countries.

THEIR IS NO EMERGENCY.

Things can be managed within normal legislative framework without the need for emergency powers.

Government overreach has already damaged our community,
Please go back to providing basic community services, and allow us to recover.
We DONT need anymore government interference.

Thankyou for your consideration.

Steve Wilson

Concerned community member.
