To whom it may concern

As a small business owner and member of the general public of Qld, I would like to express my concerns on the above subject.

It is my belief that this ruling has hindered Sammy business and volunteer groups to a large degree causing the closures of some in my city. The pandemic is over and it is time to move forward, by keeping this ruling in place it continues to shadow doubt over the businesses and community.

Countries all over the world have decided to forgo the continuing of these fundamental wrong rulings, now it is time for Qld to do the same.
