Good morning,

We see the destruction of a political attitude of Dictatorship unfolding in Ukraine.

Dictatorship comes in many forms and we see it regularly in Australia. Politics – all too often – wants to preside over us like Lord-and-Master. Respect for individual rights, privacy and justice escape the decision-making process.

The VAD Bill, in both NSW & Queensland is a classic example.

Feel free to share the attached and quote me.

Sincerely,
John.
