Dear Sir/Madam,

This bill must be thrown out immediately.

This nonsense cannot continue.

WE HAVE HAD ENOUGH.

Look at the rest of the world. No mandates, masks or restrictions.

What is the matter with you lot? Why aren't you listening? We are sick & tired of Government trying to tell us how to live our lives. We are not afraid. We can look after ourselves.

The entire Covid 19 response has been a massive overreach, and the worst is, I know you know it. Shame on you. The game is up.

Go away!

It's all based on lies & deceit. STOP IT!

You have been elected to serve us. What a joke. You have done nothing but ruin our lives.

No more.

I hope you will take notice but sadly I don't believe you have any integrity left & disgustingly look at us as 'useless eaters'.

Have I made my point?

You are not respected.

I thank the members who have stood up for us and greatly appreciate all you have tried to do before you were canceled, bullied & squashed. Please stay strong & I plead with you to keep fighting. The truth will come out in the end and you will be rewarded.

I realise that this submission will possibly be not recognise because I am simply an ordinary person & ignorant of your 'proper' processes but please bear with me and hear my intention.

In anticipation that this humble submission will make some sort of difference & the great people of Australia can get on with doing what we do best and that is loving this land.

Yours sincerely

Beverley Jones
