---

Hi!

I thank you for the opportunity to provide you with my thoughts.

1. Starting with the "Covid virus": As you should all know by now, it was never ever, any where in the world, isolated...EVER. Never in the 2 years while we were in lockdowns, wearing masks, getting the death shots, etc. I believe there is another demonic reason behind all this that can be laid in front of the New World Order and globalists' feet. I believe it was just a flu which they called Covid. Corona is a common cold!

2. Enough is ENOUGH. Small businesses went under, thousands of people lost their jobs, the economy was hurt, etc. all in the name of what? falsified fear mongering? So that the rich can get richer and the poor poorer? So that Bill Gates can depopulate the world?

3. According to the Commonwealth Law, each person has the right to choose what they want to be done to their bodies. That was not honoured, or respected.

4. Looking at the death rate of people dying of covid (83) and those dying due to the injections the government should be ashamed of themselves that they did not stop this a LONG time ago already. I have been a nurse for 40 years and I have NEVER experienced this before in my life. What I do know is that in the past, when an experimental drug caused harm let alone people dying of it, it was totally removed from the market immediately and much more tests was done on it to make sure it was SAFE before it would be allowed back in the market, if it ever was allowed back in the market for use. WHY WAS THIS DRUG NOT STOPPED AND REMOVED? How many more people do this government want to die ? This can be seen as genocide! Murdering your own people? Telling them that they have to get the injections to help others? to prevent infections to the "elderly"? it is lies. It was lies and it will always in the future be lies.

5. They called this a vaccine because people trusted the word vaccine. People knew vaccines are suppose to HELP. But when you look at the results, how many were helped? ( unless they had a placebo!) How many had SEVERE debilitating side effects? How many more do you want to get the severe side effects? It is well known today that the injections contains bioweapons, nano particles, poisons. And you want to continue with it?

6. On the question about my thoughts on the extension, I will most definitely say NO. STOP the mandates, STOP the wearing of masks (they do NOT work, they also cause HARM and break down the immunity of people! etc.)

Rather start to stand up for what is right, respect people, show them you are loyal to them, that you are thankful for your position which the people trust you with! Somebody needs to stand up to the bullies in Canberra and those in the world that is behind all this!

Thank you again for your time. I really do hope that this email will be taken seriously. All for a better FUTURE for my children and grandchildren. At this stage it does not look like there is any future for them! Not with these demonic powers at work. What do you think the future will hold for your children and grandchildren?

Kind regards

Alida Engelbrecht
