Subject: Extension of emergency powers

To whom it may concern,

I write on behalf of hundreds
Of medical students who wish to fiercely object to the ludicrous extension of
emergency powers to the Queensland government.

By pure definition, an emergency can not extend 3 years and with a death toll
of less than .3% this totalitarian overreach is unacceptable.

This ridiculous motion must not be passed, and if it is, hundreds of in
thousands will remember this dictatorship move at the polls. Let people decide
their own health. You do NOT own people.
